

CASEY MCCONNELL

GRAPHIC DESIGNER WEB DESIGNER FRONT-END DEVELOPER

ABOUT ME

I'm a fun-loving, hardworking, idealistic geek. Professionally, I've been working as a cook and as a freelance designer/developer for several years now, and I'm looking to move from that to an office environment in the design field. Outside of graphic and web design, I enjoy movies, reading, board games, and have a burgeoning interest in woodworking. References available upon request.
